**Time:** 3:15 – 4:20 pm

**Room:** **FAB** 10

1900 4th Avenue
Portland, OR 97201

---

**ETM**

**Department of Engineering and Technology Management**

---

### Brady Brady, SAS

**Background:**

Brady Brady is SAS's regional education representative for JMP software. Prior to joining SAS, he worked at Intel using JMP and SAS as a process control statistician. Brady also has many years of experience as a mathematics teacher at both high school and undergraduate levels.

---

**Statistical Exploration using JMP from SAS**

**Abstract:**

PSU's ETM students, faculty, and staff will have access to the newest version of JMP for the remainder of 2011. This seminar will provide an introduction to JMP statistical software, which—in addition to performing rigorous statistical analyses—helps users to better understand their data through interactive visualization and exploration.
