Announcement of a faculty position

Portland State University
Engineering & Technology Management Department

Position Available: Tenure-track, nine-month faculty position at the Associate or Full Professor level. Exceptional candidates at the Assistant Professor level will also be considered.

Requirements:
• At least one degree in engineering or related disciplines
• Ph.D. in an area related to engineering and technology management
• Demonstrated excellence in teaching and/or research in one or more of the following areas: technology management, R&D management, emerging technologies
• Experience in working with diverse constituencies, including gender and ethnic diversity.

Desirable experience: Graduate level teaching, Master’s and Ph.D. student advising, track record of externally funded research or high potential for receiving research funding, and industry experience - preferably with emphasis on the semiconductor, information technology or biotechnology industries.

The successful candidate will be expected to offer courses, conduct research and participate in the department’s collaborative activities with industry on management of engineering and technology. The successful candidate will also demonstrate an understanding of and sensitivity to issues of equity and diversity as they relate to technology management.

The Department of Engineering & Technology Management is a graduate department, with about 160 students pursuing the following degrees:
• Ph.D. in Systems Science/Engineering Management
• Master of Science in Engineering Management
• Master of Engineering in E.M: Technology Management
• Master of Engineering in E.M: Project Management
• Master of Engineering in Manufacturing Engineering
• Master of Engineering in Civil Engineering Management

The students and visiting scholars come from the U.S., Bahrain, Bosnia, Canada, Colombia, Costa Rica, Ecuador, Egypt, France, Germany, Hong Kong, India, Indonesia, Israel, Japan, Korea, Malaysia, Niger, PRC, ROC, Russia, Saudi Arabia, Serbia, Singapore, Thailand, Turkey, U.K., Venezuela, and 10 other countries. The ETM Department also has collaborative agreements with the University of Pretoria in South Africa and Hanbat University in Korea.

The ETM Department is the headquarters for PICMET (Portland International Conference on Management of Engineering and Technology). Additional information about the department can be found at www.etm.pdx.edu. Additional information about PICMET can be found at www.picmet.org.

The Portland Metropolitan Area is consistently cited as one of the most desirable areas in the country with a vibrant urban life in close proximity both to the Pacific Ocean and the Cascade Mountain range. Its industrial base is made up of major timber companies, more than 600 software firms and about 500 high-tech firms including many start-ups and small-to-medium size companies as well as the likes of Intel, Tektronix, Hewlett-Packard, Nike, Mentor Graphics, In-Focus, NEC, Fujitsu, Wacker Siltronics, LSI Logic, Shin-Etsu, Komatsu, Freightliner, Naaco Hyster-Yale, and Blount, among others.

Applications will be reviewed as received and the position will remain open until finalists are identified.

Applicants should send their curriculum vitae along with names, addresses, and phone numbers of three references.
